ANOTHER FORD IS RECOVERED

One in Possession of Conrad Kney
of Manilla Was Stolen by Local
Men in Indianapolis

GEORGE DAVIS HERE TODAY

Helped Officers Recover Machine
Which Belonged to Frank G.
Camp—Taken in April

WAS SOLD TO KNEY FOR \$300

Other Machine Stolen by Flodder and
Hite Located at Laurel—Go
There From Here

The work of unraveling and locating the stolen machines as related in the confession of George Davis of Clarksburg and other members of Davis gang, is progressing slowly but even as rapidly as can be expected. The latest victim of the Davis gang is Conrad Kney, a well known farmer living near Manilla.

Kney purchased a Ford of George Davis last April, that today was identified as the car belonging to Frank G. Camp, 40 Virginia Avenue, Indianapolis. This is one of the machines stolen by Harry Flodder and Elmer Hite of this city, who are at present held in the Indianapolis jail, in default of bond to await the action of the grand jury.

George Davis seems to tell a little more every day and yesterday let it be known that he had sold one of the cars he had purchased from Hite and Flodder to a farmer named Kney. Davis was brought here this morning by Sheriff Post of Union county, accompanied by Sheriff Hendrickson of Fayette county and after obtaining a writ to reprieve the machine, proceeded with Sheriff Cavitt to the Kney home.

Mr. Kney made no effort to hold the stolen car and readily turned it over to the sheriff. He purchased the car in good faith from George Davis paying him the sum of \$300. The car was turned over to Mr. Camp, the original owner here this morning. The only recourse Kney has is through George Davis and this is considered very small in view of the fact that Davis will likely go to prison.

From here the officers went to Laurel where they had located the machine belonging to Edwin L. Craig 738 East Drive, Woodruff Place, Indianapolis. This is the other machine that George Davis confessed to having bought of Elmer Hite and Harry Flodder. Some difficulty was expected in getting this car and for this reason George Davis was taken along to help identify the machine.

Local officers are inclined to believe that the recovery of these two stolen machines will go hard on Hite and Flodder. There was a possibility that George Davis in his confession might have implicated the two local boys without cause, but now that both machines have been located it almost clinches his story, it is said. The police have the cars and Davis says they were stolen property. The car found in possession of Mr. Kney was identified by the owner in addition to the fact that Davis says it was one of the two machines stolen by Hite and Flodder.

There seems to be no end to the tangle. The officials stated this morning that they were not pushing George Davis but were allowing him to do the talking and as a result he apparently remembers a different car each day. The officers are running down one car at a time so as

GRAND JURY TO REPORT

Tomorrow Will Likely be Final Session For This Term.

The grand jury will meet tomorrow in what is expected to be the final session of the May term of court. The grand jury is expected to make its report to Judge Sparks and two more indictments would not be surprising. The grand jury has been in session only two other days and it is understood to have confined its investigations to alleged wrong doing in the city of Rushville.

REPLEVIN SUIT HEARD BY COURT

Evidence in Piano Company Action
Against Nicholas Taken Under
Advisement by Judge Sparks

RECEIVER REFUSED RYSE

Judge Sparks this morning heard the replevin suit of the Baldwin Piano company against Samuel W. Nicholas, proprietor of the Windsor hotel. The evidence was taken under advisement and in his finding Judge Sparks will give a special finding of fact and conclusions at law.

The court ordered an extra assessment of seventeen and one-half per cent on the petitioners in the Cavitt drain. The amount was not sufficient to complete the ditch and the added assessment was held necessary.

The court refused to appoint a receiver in the suit of Walter S. Ryse against John A. Widau, finding for the defendant for costs. This action does not affect the suit for a settlement of which the receivership case was a part. Marshall E. Newhouse was given a judgment for \$674.65 against the Ideal Husker company. The Husker company is at present in the hands of a receiver.

The suit of the Smith Engineering Works against Harry and Willard Colter was dismissed and the costs paid. The suit was on an account in which \$65 was demanded.

VOLUNTEERS HELP WRECK CHURCH

Congregation of 1st Baptist Church
Work at Night in Tearing
Down Building.

MINISTER LEADS ATTACK

The work of wrecking the old First Baptist church to make way for the new and modern structure is progressing rapidly, and at the same time is making good carpenters of a large number of the congregation. The members of the congregation, or rather the male members, have volunteered their services and it is not an uncommon thing for these volunteer workers to work up until ten o'clock at night.

The work of wrecking the old building is in charge of Elisha Williams, who has the contract for building the new church. He directs the work of his volunteer carpenters and finds that they are very willing hands. The Rev. S. G. Huntington is one of the most energetic workers.

GREAT INDIAN TO APPEAR HERE

Chief Caupolican, Orator, Singer
and Entertainer is Coming to
the Chautauqua

HE IS A NATIVE OF CHILI

His Story is Thrilling One, But
Climax Comes When he Breaks
Into Song

The Rush county chautauqua, which will be held this year August 6 to 13 inclusive, has arranged for a most unusual attraction in the person of Chief Caupolican, a most notable representative of the Indian race. He is not only an orator but is a singer, entertainer and man of affairs. Chief Caupolican will give his entertainment Monday evening, August 7, preceded by a concert by the Metropolitans.

Chief Caupolican is an accomplished linguist, speaking fluently in English, French and German, as well as his native tongue. He is a native of Chili, South America, and is a member of the Aurocano Indians, a tribe which was never subjugated by the Spaniards.

Caupolican's story of his own people—their loves and their hatreds, their customs and peculiarities, and their long struggle against the aggressions of the Spaniards, never fails to hold his audience in breathless attention. Pride of race is evident in every gesture, and his stories of the old-time triumphs of his people are told in the manner of an old-time bard celebrating a victory rather than that of an entertainer. To hear Chief Caupolican tell of the heroic deeds, the stories of which have been handed down from generation to generation among his people, is to catch a convincing glimpse of the spirit which actuated those bold tribesmen, who fought the invader tooth and nail, fearless of life but tenacious of tribal honor and brave to the end.

While the story of this great Indian Chief is a thrilling one, yet the real climax of the evening comes when he breaks into song. He possesses a splendid high baritone voice, well trained in European musical centers, and he sings the great heart songs of his people as well as the best-known selections of the English, French and German composers, with a feeling and expression which makes them understood by all, even though rendered in a foreign tongue.

Altogether, Chief Caupolican gives one of the most thrilling programs upon the American platform. For the past six years he has been a star attraction upon the greatest vaudeville circuits in this country and he has delighted great audiences in all of the larger cities. He belongs essentially to the Chautauqua and the Lyceum, however, and these audiences everywhere are to be congratulated upon the fact that hereafter he is to bring his message to them, that they are to know him and he is to learn to know the great American people as he never could from a vaudeville stage.

SEES "INDIANA"

Members of the program committee of the Rush county chautauqua—E. B. Thomas, J. H. Scholl, John A. Tittsworth and C. M. George—went to Connersville this morning where they witnessed a private showing of "Indiana," the motion picture depicting the history of the state, which is being used in centennial celebrations. It is practically certain the picture will be brought here for centennial day at the chautauqua.

Rumors Current That Still More Indiana Guardsmen May Refuse
to Take the Oath

13 TAKEN IN THIS FORENOON

Real Opposition is Expected to Come
From the Indiana University
Band

(By United Press.)

Fort Benjamin Harrison, Indianapolis, Ind., June 28.—With fourteen members of the Indiana National Guard facing court martial because they refused to take the oath mustering them into federal service, mustering officers encountered more trouble today. While no members of the Fort Wayne, Bloomington, Winamac, Spencer, Winchester, Terre Haute, Crawfordsville, Seymour, Vincennes, Valparaiso, Muncie, Mt. Vernon and Lebanon, mustered in this forenoon, refused to take the oath, rumors were current that members of other companies would refuse to take the oath which virtually binds them to three years service, with an added three years in the federal reserve.

Real opposition is expected to come when the attempt is made to muster in the second regiment, or the Indiana University band, composed of Indiana students from all parts of the state. Members of the band assert that when they enlisted the federalization clause was waived and that they are prepared to face court martial if necessary.

The main business at camp Ralston today was mustering in of the guardsmen. Preparations were being made to get the artillery battalion in readiness for a call at any time though a call is not expected for several days.

INDIANA TO BE SENT SOON

(By United Press.)

Chicago, June 28.—Orders were issued by the central department of the United States army today for the troops of Illinois, Wisconsin, Kansas and Missouri to entrain for the border as soon as each unit is mustered in and examined.

The first Illinois cavalry will go to Brownsville, Texas, other Illinois troops will go to San Antonio, Kansas to Eagle Pass, Wisconsin to San Antonio, and Missouri troops to Laredo.

Other troops in the Central department which includes Indiana, were ordered to depart for points yet to be named as soon as "reasonably ready." Troops will not be delayed in departure for lack of equipment as this will be furnished at the border.

FUNSTON DENIES CLASH

San Antonio, Texas, June 28.—General Funston today denied the reports of a clash between the Eleventh cavalry and Carranza troops near Ahumada. He said if wounded Mexicans had been taken to Dublin, Pershing's report on it.

Stands by Opposition Paying Dependant of Guardsmen at War

(By United Press.)

Washington, June 28.—The senate this afternoon ordered its conferees on the militia draft resolution not to recede from their position of refusing pay to the dependant families of national guardsmen, drafted into Mexican service. The senate then sent the whole controversy back to conference.

Rushville men who were in Indianapolis yesterday afternoon reported that Dr. Hale Pearsey and Frank Owens of this city had both enlisted as privates in Battery B, the company composed of present and former students of Purdue university which Allan H. Blackledge and Walter Gartin had already joined.

Orville Hood, who together with Larry Knecht, went to Indianapolis Monday night, returned home last night, but Hood went back at midnight with the intention of joining Battery B, it was stated by his friends. He had already enlisted. The Knecht boy is not quite eighteen years of age, it is said, and he and some of his relatives returned to Indianapolis today to inform the recruiting officers of his age.

CARRANZA ISSUES APPEAL

(By United Press.)

Mexico City, June 28.—Two Americans were killed and another captured in a fight at Nachozari Senora, eighty miles south of the border, General Calles reported to the war office last night.

Calles accused the Americans of cutting wires and when the Mexicans protested, the Americans opened fire, killing two Mexicans he reported. The Mexicans returned the fire. John Harkes, A. P. Dixon, Morton Harden, and another American was captured. Calles reported after Harden admitted his companion began the shooting.

Gen. Carranza has issued another urgent appeal to all Latin-American republics asking them to insist that the United States consent to arbitration, it was reported on good authority, though no official announcement has been made.

POLICE WARNING

Chief of Police Yakey today issued a warning to bicycle riders to stay off the sidewalks. Many riders have been using the sidewalks to escape the oil on the streets, but at the same time have tracked the oil on to the walks, causing numerous complaints. The walks are badly marked by the oil and arrests will surely follow if the practice is continued.

MIDNIGHT SAID TO BE DEADLINE

Carranza Must Release American
Prisoners or United States

HIS DEMAND NOT A QUESTION

Many Profess to Believe That Mexican First Chief Will Yield
to the President

BULLETIN.

(By United Press.)

Mexico City, June 28. (10 a. m.)—A conference regarding President Wilson's demand for the release of American soldiers imprisoned at Chihuahua City is now in progress. It is believed a decision will be reached in a few hours.

(By United Press.)

Washington, June 28.—General Carranza must release the American prisoners held at Chihuahua by midnight or President Wilson will go after them.

Those close to the president today declared there will be no delay in light of the demand from Carranza that Mexican prisoners held in this country be released and the embargo on food supplies to his country be lifted. That, according to administration officials, is another question.

The congress and, in fact, all official Washington is awaiting quietly and with a calm which approaches a feeling of unconcern the Carranza reply.

There is a feeling that the Mexican first chief will yield. It is known that he intended to release the prisoners at first.

FIRING SQUAD IF RESCUE IS TRIED

This Will be Fate of 25 Americans

Troopers go After Them

TREVINO'S WORD, IS REPORT

(By United Press.)

El Paso, Texas, June 28.—Execution by a firing squad will be the end of the twenty-five American prisoners in Chihuahua City, General Trevino is reported to have stated, if the United States armed forces attempt to rescue the men.

"Mexico is prepared for war with the United States," arrivals from Chihuahua City today quoted the Carranzista commander of the north as saying.

"We are not courting war, but if war comes, the sons of Mexico will respond to the call to arms to protect their native land with their lives," Trevino was quoted as saying.

U. S. TROOPS WIPE OUT BANDIT GANG

Believed to Have Been Crowd That Killed John Parker and His Wife—Report Not Verified.

BODIES TAKEN TO COLUMBUS

Columbus, New Mexico, June 28.—Six Mexicans, believed to have been the band which murdered William Parker and wife, are reported to have been wiped out on this side of the border during the night. A report, received by a relative of Parker, was unverified and failed to state which of the several cavalry troopers killed the raiders.

About midnight, the bodies of two Americans were brought here by auto. Each had been shot three times after being cornered in a room in their ranch house.

WOMAN CORPORAL IS SOME FIGHTER

Glustchenko Tcherniawka of Russian Army, Though Wounded Twice, Pushes Enemy Back.

AVENGING DEATH OF FATHER

(By United Press.)
Petrograd, June 28.—"South of Mahala, one of our reconnaissance patrols severely punished the enemy, causing him great losses. The leader of the patrol was Corporal Glustchenko Tcherniawka, who, though twice wounded, brought the party safely back to our lines"—Official Communiqué.

Corporal Glustchenko Tcherniawka is a woman. She bears an inhuman hatred of the enemy. The Cossack patrol which she commands is noted for its fearlessness and daring—always led by her. She is known by the enemy to be a fine soldier, but wild and brutal and relentless and unpardoning. Her patrol is known as the "Eagles," because these Cossacks swoop down, do their bloody work and disappear.

In this way the girl Cossack leader is avenging her father, Major Glustchenko, killed at the front several months ago. She arrived at the front in September and has since been recommended six times for decorations. Her soldiers worship her and the enemy has put a price on her head.

COMPANY IS "SHOT"

Terre Haute, Ind., June 27.—The hopes of the Terre Haute company of the Uniform Rank, Knights of Pythias, to win a prize at Nashville, Tenn., encampment in August went glimmering when President Wilson issued his call for the national guard.

Instead of drilling for the encampment five of the best members of the prize team are at Fort Benjamin Harrison today as "rookies" in Company B.

Amusements

"Monna Vanna" is the title of the picture at the Gem tonight. The picture was filmed in Italy. It is a story of a very engaging romance that took place during the siege of Pisa by the Florentines. "The Disastrous Dardanelles Expedition" is the other picture. It shows the unsuccessful campaign conducted by the English in the East. These pictures were secured under the greatest difficulties and at much personal risk by Ashmead Bartlett, the famous war correspondent, who was able to penetrate into the peninsula with troops while other correspondents and movie men were barred. Tomorrow, matinee and night the ninth episode of "The Iron Claw" will be shown.

The Princess offers the feature picture "Destruction" for the program tonight. Theda Bara, the great emotional actress is featured. It is the story of how a tragic temptress brought suffering and ruin to thousands of sturdy laborers and their families. In the support of Theda Bara are James Furey, Carlton Macy, Gaston Bell, Esther Hoier and many others. The picture is said to be a real dramatic offering and is up to the standard of the other Bara pictures shown here.

A ten pound boy was born this morning to the wife of Leonard Clark. The baby has been named Guy Adair.

Lon Patton of Milroy is in the Greensburg jail laying out a fine of one dollar and costs received in police court for public intoxication.

Miss Edith Wilk is in Indianapolis and will attend the wedding this evening of Miss Laura Lindley and Sam Saerles.

The Greer-Wilkinson Lumber company has filed suit to foreclose a lien against the Milroy Light Company, demanding \$100.

Deputy Auditor Bales took his June settlement sheet to Indianapolis today to get it approved by the auditor of state. If the sheet is found correct the taxes collected this spring will be ready for distribution to the state, county and townships.

Remarkable because of their size, were the Portland roses received by Miss Gertrude Wilkinson of this city yesterday. They were red, pink and yellow and much larger than any roses seen in this part of the country. They were the gift of Miss Anna Finkelstien of Portland, Ore.

TELLS EXACTLY HOW UNCLEAN THE FLY IS.

(By United Press.)

Washington, June 28.—The ordinary house fly carries about with him, recent government experiments show an amount of uncleanness equal to 2 to 3 per cent of his weight.

If the average man were so unclean as that he would have on his body about four pounds of filth.

A cow or horse as dirty as a fly does not weigh much, but it can harbor millions of disease-giving germs. As a matter of fact, the dirt on a fly is about one-half bacteria—bacteria of many kinds, large and small, thick and thin, long and short.

If out of its abundance of bacteria the fly deposits a typhoid germ in a can of milk, there is every likelihood that in a short time there will be enough typhoid germs in that milk to make it a dangerous, frequently a fatal poison.

In the experiments in this subject conducted by the Department of Agriculture, a number of flies were caught and washed in sterile, distilled water. Uncleanness to the amount of from 2 to 3 per cent of the flies' weight settled at the bottom of the tubes, and of this about half was bacteria.

In addition there remained in solution in the water enough dirt to discolor it.

The fly can and does carry the germs of tuberculosis. Flies which have been allowed access to animals suffering from this disease were caught and washed in sterile water.

Inoculation tests from them subsequently prove that they bore living, virulent tubercle bacilli.

Denying Effects of War.

Secretary of the Treasury McAdoo delivered himself of a regular old knock-down-and-drag-out political speech at Raleigh, N. C., recently. He was talking to the Raleigh Chamber of Commerce, a body of men who, he firmly believes, are utterly devoid of the power to reason. He said our present prosperity is not due to war, but to the economic strength of the country, whatever that means.

Well, Mr. Secretary, there is just one reply to that statement. Before the outbreak of the war business was shot to pieces and the most popular resort for the laboring man was the corner at which the soup cart and the bread wagon made its appearance. The end of this fiscal year will find us with a favorable trade balance of over \$2,000,000.

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

000. Beginning with April, 1914, when the Democratic tariff law was getting in its deadly work, the balance of trade turned against us. It had been diminished monthly, from the time of the passage of the Underwood law.

In April we bought of foreign competitors \$11,000,000 more of goods than we were able to sell abroad. The trade balance from that month to August, was against us. In August it was \$19,400,000 to the bad. The European war broke out in that month, and the first demand of the warring powers on the United States was for foodstuffs and horses and mules. During September we recorded a favorable trade balance of \$16,000,000. It rose to \$131,000,000 in December 1914, and \$187,000,000 in December 1915. Thirty-one articles properly characterized as munitions of war, made up 52 per cent of our total exports. The South American countries, no longer able to secure their supplies from Europe turned to us for relief.

Mr. McAdoo and all the rest of the Democrats, can argue their heads off trying to prove that our prosperity is not due to the European war, but "facts are facts." The Democratic prosperity slogan has a mortuary smell.

Coming to the Front.

No matter what our beliefs may be in the matter of woman's suffrage, candor compels the admission that the feminine cause is making strides toward the ultimate achievement of their goal.

A few years ago the mere idea of a woman voting met with ridicule upon every hand. It was considered a dream and a joke.

Today, however, every party has its strong and powerful defender of woman's right to the franchise, and neither party cares to risk going radically on record against it.

Politicians everywhere concede a little and diplomatically slide over the rest. Many hundreds of them dread to be placed upon record as irrevocably opposed to suffrage for women.

Those who believe in the cause by woman should take heart. It is moving along, and the pace is by no means slow.

The hungry fellow always gets the little end of an argument at a banquet. Try it yourself.

Rushing through life is all right, but thinking twice before you start will save you a world of jolts.

"One word always leads to another," whether it is in the bible or a family jar.

Statistics estimate that the cost of the second year of the European war, will be \$33,000,000,000,000. How we'd like to have that wad!

Both Hughes and Wilson had ministers for fathers, which ought to be some recommendation for the next president, anyway.

President Wilson is a newlywed, and Mr. Hughes' wife selects his needles for him, and between the two the suffragettes ought to take heart and buck up.

That bad little Mexican boy needs a spanking—and he is likely to get it.

Though the public eye may be focused upon Mexico, the political campaign will furnish some choice sparks nevertheless.

Occasionally, however, the sun does shine in spots.

July, we hope, may bring a few hours of summer.

Time To Talk Politics

COLUMBUS REPUBLICAN

Earlier in the week, when the news from the border seemed to indicate that actual war might come any moment, a dispatch from Washington said President Wilson had found time to talk politics with several leading Democrats. Plans for the campaign—to beat Hughes not the Mexicans—were gone over carefully.

Every Democratic editor thought that was all right. If President Wilson wanted to talk politics it was perfectly proper that he should do so. And it was right, as far as that is concerned. If he found time to advise with his managers that was his own business.

But when a Republican newspaper starts to criticize the President for political reasons and because it honestly does not agree with his opinions, the Democratic editors begin to howl treason and disloyalty. If it was right and proper for the President to talk politics during a crisis it surely is just as proper for Republican newspapers to discuss politics during the same crisis.

If war comes the Republican newspapers of this country will stand by the President because he is the President. They will not stand by him because he is Woodrow Wilson or because he is a Democrat. They will attempt to hold up his hands as the commander and chief of the army and navy but they will not seek to praise him just because he is the nominee of the St. Louis convention.

As long as the President has time to talk politics the Democratic editors should not find fault with the Republican newspapers for doing the same thing.

NO VACATION.

Greencastle, Ind., June 28.—For the first time in many years the Putnam county circuit court will not have a vacation this summer. The reason given is that if the court does not remain in session the county jail will be filled to overflowing with prisoners captured following their escape from the state penal farm.

ADAIR IS BUSY.

"THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

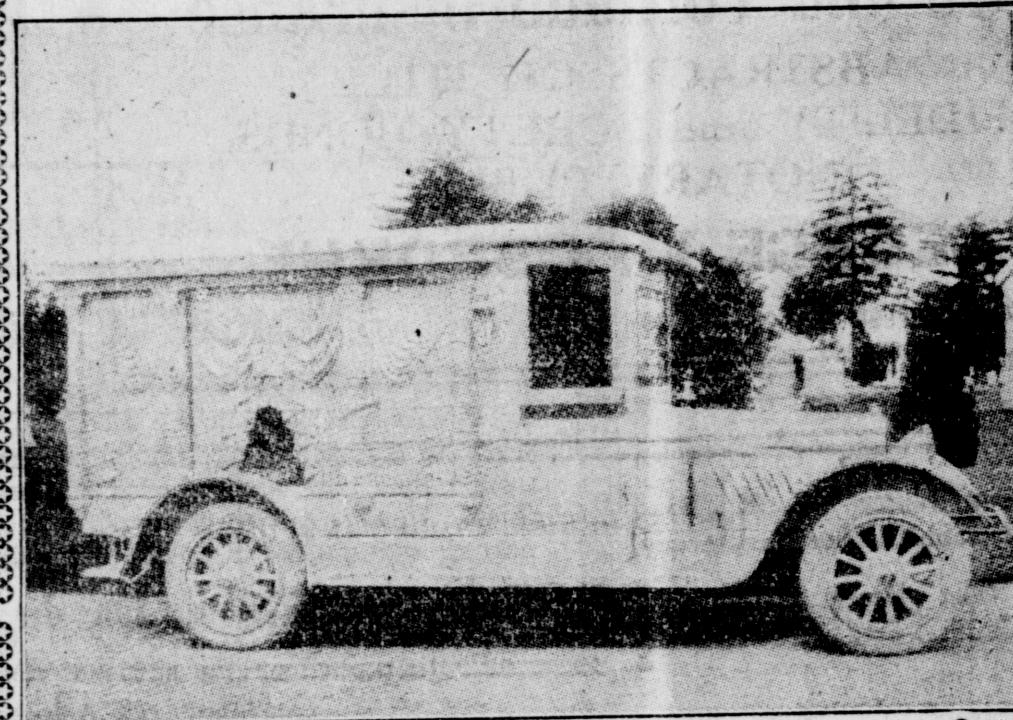

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.

"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.

My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work.

Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui, today. At all druggists. NCBI

PAGEANT IS CAST IN TEN EPISODES

Each One at Connersville Centennial
Deals With Different Era in
Development.

CONSTANT REHEARSAL HELD
Great and Well Planned Spectacular
Play Will Deal With Early
Life of Fayette.

Many Rushville and Rush county people will attend the centennial celebration at Connersville next Monday, Tuesday and Wednesday. Not the least important of the events in connection with the observance will be the spectacular pageant, which is described as follows in the Connersville News:

The Historical Pageant of Connersville and Fayette County as written by Miss Harriet E. Williams is gradually taking the form of a great and well planned spectacular play.

The episodes are being practiced and brought to a state of perfection by groups of citizens in various neighborhoods in the city. The undertaking is one of vast proportions and if well handled will be highly

entertaining and instructive.

Miss Williams has endeavored to represent the first and earliest people of several prominent families. She has the earliest Indian traders, some of the earliest families of settlers, types of the earliest doctor, preacher, country school and teachers. The earliest lodge, the early modern city school, and influential men and their wives, the early politicians, the first editor (Matthew Hull), the first merchant and innkeeper, the first Aid Society which was turned into a committee for soldiers' relief in the Civil War.

The children will execute a series of old time games and dances, representing various old time characters.

The order of events in the pageant is as follows:

EPISODE I—1788.

Capture of John Conner by the Indians; escape of Jonas Williams and family in Pennsylvania.

EPISODE II.

John Conner's Post in 1813; a plat of the Post; arrival of Indian traders; coming of new emigrants.

EPISODE III.

Pioneer life in 1820; Claypool's Inn; a member of the new capital committee; the pioneer preacher arrives; the Masonic lodge; Indian captures and murder of Ben Davis; fiddlers' contest.

EPISODE IV.

Wedding scene of 1834; an Indianapolis-Connersville wedding; twin McCormick sisters married twin Hart brothers.

EPISODE V.

School of the forties.

EPISODE VI.

The Singing School.

EPISODE VII.

Apple peelings; husking bees; a Harrison-Tyler parade.

EPISODE VIII.

The Civil War period; band drill; boys' drill; girls' drill.

EPISODE IX.

A Centennial meeting in 1916.

EPISODE X.

A memorial party; pageant of old fashioned games; a Commercial Club banquet; song, "Indiana."

Much interest will be taken in the presentation of Mrs. Christian, the granddaughter of John Conner. The part Mrs. Christian will take will be at the close of Episode IX.

The public now is responding cordially to the request to take part in the pageant and much interest has developed that will tend to make the event a great success.

Our Advice is-Buy Shoes Now

The great war is causing a tremendous rise in leather and shoes, and is forcing prices SKY HIGH

The millions of soldiers in Europe are using up so many shoes that the shortage of leather is becoming a serious problem, and the burden must be borne by the citizen consumer. In America this condition is hitting us hard.

We strongly advise you not to delay your purchase, not only for yourself, but for the whole family. We do not know what the future prices will be, but whatever they are, neither the retailer nor the consumer can help himself.

SORORITY MEETING

About twenty members of the Psi Iota Xi sorority were present at the meeting of the sorority held with Miss Alma Green at her home in East Fifth street yesterday afternoon. With Miss Ramona Ewbank as assisting hostess. The affair was made much more pleasant by the presence of the returned college students who are members of the sorority. After the business meeting, a delicious salad course was served.

PLAN CAMP

At the meeting of the Little Hustlers class of the St. Paul's M. E. church held in Chauncey Duncan's law office last evening, it was decided for the class to go on a camping party between July 24th and July 30th. The place of the camp is yet undecided. Another meeting will be held in the near future to complete plans for it. The two divisions of the class are taught by Chauncey Duncan and George Wiltsie.

DINNER PARTY

Mr. and Mrs. Glen Abernathy gave a dinner party Sunday at their lovely country home, north of the city. A beautiful bouquet of nasturtiums brightened the center of the table at which the elegant two course dinner was served. The guests included: Mr. and Mrs. A. J. Glaser and daughter, Mary Ruth, Mr. and Mrs. Jay Adams and daughter, Mary Deloris, Mrs. Mike Glaser and Arthur Glaser, all of Muncie, Mr. and Mrs. Berry Abernathy, Miss Dorothy Abernathy, Mr. and Mrs. David Johnson and son James, Mr. and Mrs. Park Scott and daughter, Elsie.

YARD SUPPER

Mrs. Roll Miller of North Harrison street entertained with a pitch-in supper last evening for the girls of her Sunday School class, the Willing Workers of the Main Street Christian church. The bountiful spread was eaten out on the lawn about six o'clock. Two of the guests were visitors, the Misses Ella Adams and Reta Gilson, and the following members of the class the Misses Mary Hughes, Marie Pope, Frances Gilson, Julia Carlyle, Beatrice Wilson, Dorothy Moore, Lillian Wilkinson and Louise Miller.

One hundred and thirty Masons last evening enjoyed the banquet at the Masonic Temple, which was a feature of the work given several candidates in the Master Mason degree. There were many visiting Masons from other points in the county and a few from outside the county.

RECITAL TONIGHT

The series of piano recitals being given by the pupils of Miss Jessie Kitchen and Miss Olive Buell have been musical treats. Tomorrow afternoon at 3 o'clock, the last in the series will be given when the pupils of Miss Buell will be assisted in the program by Miss Gladys Titworth, violinist.

This evening, the pupils of Miss Kitchen will furnish the program with piano solos, duets and trios. B. F. Miller will assist in giving the program by singing several solos. A varied program which will be profitable as well as very entertaining is to be given and the public is invited and urged to attend to appreciate the work of the students.

MISS WINKLES TO WED

It is of interest to the many friends of Miss Katie Winkles of Shelbyville, in this city, to know that her engagement to John Young of that city has been announced and the marriage is to take place Sunday. The bride-to-be is a sister of Mrs. Joseph Dickman of this city, and has visited here a number of times. Although the wedding is to be a very quiet one, Mr. and Mrs. Dickman and children will be among the guests. After a short wedding trip to Chicago, the young couple will make a short visit here with Mr. and Mrs. Dickman.

CLASS MEETING

A group of eighteen young people gathered last evening and went together to the home of Mr. and Mrs. Gilbert Palmer of Circleville to discuss the plans and work of the B. Y. C. D. class of the First Baptist church. The report of the finance committee was very encouraging, and the announcement was made that \$100 of the \$500, which has been pledged for the new church building, is ready to be paid. This amount was made by an ice-cream social and various other undertakings. The business meeting was followed by a pleasant social session during which dainty refreshments were served.

VISIT CONNERSVILLE

Fifty-four members of the Mahoning Council of the local order of Pocomontas went to Connersville last evening on the special car where they were the guests of the Connersville chapter. While there, the local council conferred the degree on two candidates, afterwards giving a drill, for the local staff is well known for its excellent drill work. A social had been planned by the hostesses during which time a delicious luncheon was served. Rather indefinite plans were made for the Connersville order to visit the local order some time in the near future when the Maud Muller degree would be given by the local order.

FOR AID SOCIETY

A pretty party was given yesterday afternoon by the retiring board of the Ladies Aid society of the Main street Christian church for the members of the society at the church. Baskets of roses were suspended from the ceiling, an attractive bouquet of roses was on each table, and American flags were draped about in the rooms where the ladies spent the afternoon. A short business meeting was held and perhaps the most interesting part of the afternoon was when the Misses Stella and Josepha Franklin returned missionaries from India, and cousins of Mrs. Ed Billings, gave short talks, dwelling on interesting parts of their missionary work. Dainty refreshments were served by the hostesses at the conclusion of the afternoon. In the retiring board, the members of which were hostesses, was Ed Billings, Mrs. Jake Parrish and Mrs. Omer Green.

TRI KAPPA PICNIC

One of the weeks most delightful episodes was the picnic supper and informal party given at the home of Miss Fannie Stiers east of the city for the members of the Tri Kappa sorority yesterday afternoon. One of the most pleasant features of the evening was the informal program given by several of the guests. Miss Ivonette Wright of Dayton, the house-guest of Miss Stiers, has a lovely voice and she sang several solos. Too, Miss Emily Vatter of Indianapolis, the guest of Miss Mary Williams charmed the guests by doing several of her aesthetic dances. She is a graceful little person and talented in her line. Miss Mary Anderson also played several piano numbers.

A short business session occupied the afternoon hours, preceding the serving of the bountiful pitch-in supper. It was served on the lawn near the Stiers home.

Rehearsals begin this evening for the production of the Midsummer Night's Dream, which is to be given by a number of local young people on Tuesday evening of the Chautauqua. About thirty will be in the cast which will be under the direction of Pro. Barreo of Indianapolis.

DANCE FRIDAY

Plans for the informal dance, to be given in the skating rink on Friday evening of this week, are nearing completion. The reputation for this delightful series of parties has already been set, so the usual crowd of out-of-town visitors, as well as local lovers of dancing, is expected to be present.

Porch swings are to be suspended about the room and rustic benches will be placed about for the comfort of the guests. Mitchell's orchestra will play for the dance.

SURPRISE SUPPER

Mrs. Ada Lafara was agreeably surprised last evening at her home in West Second street, when honoring her birthday, a number of her friends surprised her about six o'clock, bringing with them a bountiful supper. The guest of honor received several lovely birthday gifts. In the party which arranged the surprise were Mr. and Mrs. L. H. Wilson and son, Roland, Mrs. Charles Grunell and daughters, Alice, Charlotte, and Halvina, Mrs. Martha Hudson, and Merle and Mable Spacey.

AT THE BROWN HOME

With Mr. and Mrs. A. C. Brown as host and hostess, the members of the Pitch-In Club spent an amiable evening together last evening. The supper which they brought with them was an elegant one and added greatly to the delight of the affair. The members of the club are Mr. and Mrs. Raymond Hargrove, Mr. and Mrs. Bert Mullin, Mr. and Mrs. J. T. Arbuckle, Mr. and Mrs. Brown and Mr. and Mrs. Link Guffin. The next meeting of the club will be held in four weeks at the home of Mr. and Mrs. Arbuckle.

At noon, the children formed in a long line and to the beat of the drum sang familiar hymns as they marched to their places at the table which had been set up in the woods. The dinner which had been prepared was delicious and well served.

The members of the Wi-Hub Club are having a pitch-in dinner at the home of Mr. and Mrs. T. M. Green this evening.

FAST GAME IS EXPECTED

The National Forties, a fast Indianapolis team will be the attraction at Edgewater park Sunday. The Rushville team will be strengthened in the weak places and the fans are assured a good game. Hudelson will be in the box against the Indianapolis team and a college player named Nash will hold down the short stop job. Nash has been playing ball on a Kentucky college team and has offered his services to the management.

With the short stop position taken care of and with Hudelson in the box the team should present a different appearance from last Sunday. One or two other changes may be made as the management is determined to have a winner. The Indianapolis team comes here with a good reputation and is confident of beating Rushville. Father Cronin of Richmond, formerly of this city, spoke at the annual graduation exercises of St. Mary's school in Richmond. He dwelt on the dangers of lop sided education. Unless the spiritual side and the heart of a child are educated at the same time that the mind is the student will not be properly developed, the speaker said.

It's worry, not work, which shortens life? A cold bath every morning is the best complexion remedy? Poor health is expensive? The U. S. Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Connersville Troubles Aired Before Public Service Commission—Want Increase.

VALUATION HAS BEEN MADE

(By United Press.)
Connersville, Ind., June 27.—Troubles of the Connersville Telephone company were aired before the Indiana Public Service Commission today. The hearing was on a complaint from Connersville citizens that the company has charged various and unequal rates for the same service; that its rates are too high and that its service is inadequate.

Some feeling has been aroused in the case. Connersville citizens were aroused when L. A. Frazee, a company official, circulated a petition asking that the hearing be held in Indianapolis rather than Connersville. Appraisers of the commission have made a thorough inspection of the Connersville plant. The hearing started yesterday and continued throughout today.

WOULD FIGHT DEVIL WITH FIRE

Minister Addressing Ad. Men Says Most Competition Comes From Sunday Sports.

GAIN CROWDS WITH THEIR ADS

In Order to Get "Business," Church Must Be Competitor of Theaters and Movies.

Philadelphia, June 28.—The powerful competition of sports and amusements, drawing their huge Sunday crowds through newspaper advertising, is the obstacle of the church according to the Rev. Dr. Christian F. Reisner, pastor of the Grace M. E. Church, who addressed the church advertising conference at the twelfth annual convention of the Associated Advertising Clubs of the World, here today. He and the other preachers assembled for the conference believe in "fighting the devil with fire."

The New York pastor said it is up to the church to deliver the goods—and advertise them. Cut and dried sermons will not hold the crowd, he said. Dr. Reisner told how he used brass bands, preached special baseball sermons, secured idols of the diamond to talk, held special services for policemen, firemen, street sweepers, corporation employees and others.

In order to get "business," the modern church must be a competitor—and an active one—of the theaters and movies, said the pastor. He told of his successful campaign in Denver in building up a church through advertising. After going to New York he was advised not to advertise—that the method would be fruitless there—but preaching to empty pews galled him, and when he began to use newspapers and billboards, he found them as effective in New York City as they had been in Denver, he said. While other New York churches advertise now, he was really the first advertising parson in the metropolis and he said that as many as 225 people were received into membership in his church in one day. Those who opposed the idea of advertising in New York have become enthusiastic and are working with him.

"Hundreds of pastors run away from the scarecrow—sensationalism," said the Rev. D. Reiser, "John the Baptist, Jesus, Luther, Wesley, and Booth were all thus tagged in their day. Jesus drew a crowd by reported miracles and then preached to the people."

"Once He borrowed a boy's biscuits and sardines to feed 5,000 so they could remain to an after-meeting. Can anyone imagine the Master preaching to empty seats when any kind of a method would draw an audience?"

"The preacher's greatness cannot fill a church. There must be an attractive service thrilled with religion and compellingly advertised."

"It is sinful to close up the theaters in city or town if the church gives nothing in place. The church cannot be satisfied to condemn other attractions. It must compete, for the church's business is Sunday recreation which other institutions falsely promise to accomplish."

"It is preposterous to declare that the so-called 'simple' or 'Bible-true' gospel, alone, will get the crowds. I tried preaching alone, and failed, though I did my best. Then unique advertising methods were adopted and the people filled the same church to hear me, the same preacher."

He said he had not lost a single efficient member of his church because of his advertising, and in one campaign, 400 large posters were used on New York billboards at one time, in addition to the regular paid advertisements in the amusement columns of New York daily newspapers.

The church advertising conference is a new department of the annual convention of advertising men and is attracting much attention among the delegates attending other divisions of the meeting. It appears to be the consensus of opinion that church advertising is only in its infancy and that "advertising to beat

A UNIQUE IDEA

New Method of Merchandising Causes Comment.

One of the fairest, squarest plans ever brought to the attention of the readers of this paper is the selling methods now being employed by Abercrombie Bros., the local jewelers.

It is called a "Sensible Payment Plan" on watches, and is of the nature of a club plan.

The purchaser pays ten cents as a first payment on a man's 16 size, 17 Jewel Elgin Watch or a Ladies' Elgin Bracelet Watch and each week they add a dime to the initial payment until the thirteenth week when they commence subtracting ten cents each week until the last payment is ten cents, which signifies that their purchase is paid for.

The club is limited to 50 people and will continue for four weeks only.

The reason advanced by Abercrombie Bros. for inaugurating this "Sensible Payment Plan" is that there are lots of folks who want to own a good watch but feel that they can't afford to pay for it all at one time.

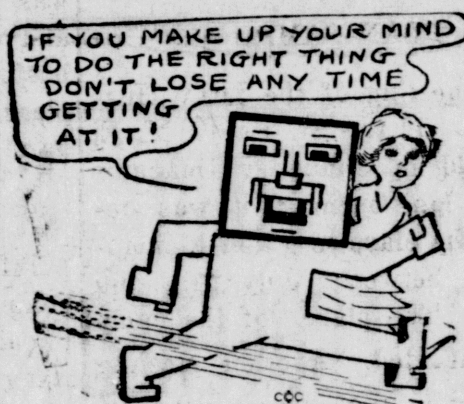

There has been no increase in price, over the regular cash price charged for these goods, so the buyer is assured of full value for his money.

WATSON SPEAKS AT SEYMOUR CEREMONY

Delivers Main Address at Laying of Cornerstone at New Federal Building There

MAKES REFERENCE TO "PORK"

James E. Watson spoke at the ceremony of laying the cornerstone of the new federal building at Seymour Monday, which is referred to as follows in the Seymour Republican:

Mr. Watson spoke from an automobile. He was introduced by Judge John M. Lewis. In complimenting Seymour on the building which is being erected Mr. Watson said that he favored public buildings in cities such as this, where the size and volume of business justified them, but that he did not favor erecting them in towns of 300 and 400 population. He said that the congressmen were censured for "pork barrel" legislation when the people themselves were really to blame for it by insisting on getting their share for their own district. "This building will stand there a mute representative of the power and authority of our government," he said, "and over it will always float Old Glory, the emblem of freedom and equality. I do not believe we can have too many flags, nor that they can be too often displayed.

"And especially at this time, when the tocsin of war is being sounded in

the country to the south of us, it is fitting that we should come together and pledge anew our allegiance to our country's flag." While I do not agree with our President on any political question of which I can now think, yet if it becomes necessary to go to arms with Mexico, let's go in there and not stop until we have settled conditions for the betterment of Mexico, the Mexican people, our own government, our own people and the whole civilized world. We do not want war; war isn't a pink tea; war is not a Sunday School picnic; war is hell! So if we have to have it, let's have it over with as soon as possible."

Mr. Watson declared for preparedness, saying that in the last analysis all of us favor a standing army of sufficient size to defend the country. He declared that he thought an army of 250,000 men, well equipped, well trained, was sufficiently large for a nucleus around which to build a larger army in case it should

be needed. "I would like to see a uniform on every college lad in the country—yes and on every high school boy," he said "not to teach him war, but to train him in those acts which may become necessary in case our country should be attacked."

"And it is proper that this great Masonic fraternity should be here this afternoon to lay this cornerstone. For Fraternity and Nationality are one and the same thing. Fraternity represents the highest planes to which Nationality may attain."

Mayor of Cleveland Refuses to Perform Marriages.

(By United Press.)

Cleveland, June 28.—There won't be any marriages at the city hall so long as Harry Davis is mayor. He just won't help Mr. Cupid, that's all. Davis explained he has religious scruples against a mayor marrying couples.

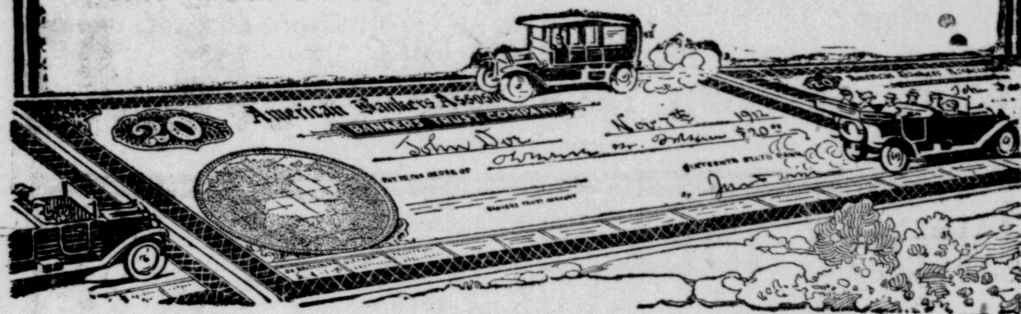

"A minister ought to perform all marriages; it's more satisfactory to everybody, especially the bride," said Davis. "There hasn't been or won't be any marriages at the city hall so long as I'm mayor. I want to have an untroubled conscience when I leave office."

In previous administrations marriages by the mayor were events in the dull routines of city hall life.

Four men living near Muncie were here also this morning, all looking for stolen Fords. The men were permitted to question George Davis, but he denied taking their cars. The closest the gang ever worked to Muncie was New Lisbon and Henry county.

The officers will follow the present method until this fails to give results then they will turn to the number plates found in the Laurel garage of the Davis brothers. A wagon load of these number plates, dating as far back as 1914 were found at the garage and were taken to Connersville. A list of these numbers will be compiled and the owners found through the secretary of state. In this way the officials believe they will locate many other stolen machines.

Indications Now Are That They Were Annihilated in the Battle at Carrizal.

CAPTAIN MOREY IS FOUND

(By United Press.)

San Antonio, Texas, June 27.—Captain Lewis S. Morey, commander, of Troop K, Tenth cavalry who sent to General Pershing the first official account of the battle at Carrizal was found Monday with four negro troopers at San Luis ranch, according to a message from Pershing to Funston.

No mention was made regarding the condition of Morey. Major Jenkins, commanding the relief column of the Eleventh cavalry who found Morey and the four men reported that detachments of his forces are scouring the country but that no more stragglers have been encountered.

Of the eighty-four officers and men comprising Troops C. and K., one officer and forty-three men have returned to the American lines. The prisoners held at Chihuahua City are said to number seventeen. This leaves twenty-three men to be accounted for. Practically all of these are believed to have been killed.

ANOTHER FORD IS RECOVERED

One in Possession of Conrad Kney
of Manilla Was Stolen by Local
Men in Indianapolis

GEORGE DAVIS HERE TODAY

Helped Officers Recover Machine
Which Belonged to Frank G.
Camp—Taken in April

WAS SOLD TO KNEY FOR \$300

Other Machine Stolen by Flodder and
Hite Located at Laurel—Go
There From Here

The work of unraveling and locating
the stolen machines as related in
the confession of George Davis of
Clarksburg and other members of
Davis gang, is progressing slowly
but even as rapidly as can be expected.
The latest victim of the
Davis gang is Conrad Kney, a well
known farmer living near Manilla.

Kney purchased a Ford of George
Davis last April, that today was
identified as the car belonging to
Frank G. Camp, 40 Virginia Avenue,
Indianapolis. This is one of the
machines stolen by Harry Flodder
and Elmer Hite of this city, who are
at present held in the Indianapolis
jail, in default of bond to await the
action of the grand jury.

George Davis seems to tell a little
more every day and yesterday let it
be known that he had sold one of
the cars he had purchased from Hite
and Flodder to a farmer named
Kney. Davis was brought here this
morning by Sheriff Post of Union
county, accompanied by Sheriff Hendrickson
of Fayette county and after
obtaining a writ to replevin the
machine, proceeded with Sheriff
Cavitt to the Kney home.

Mr. Kney made no effort to hold
the stolen car and readily turned it
over to the sheriff. He purchased the
car in good faith from George Davis,
paying him the sum of \$300. The
car was turned over to Mr. Camp,
the original owner here this morning.
The only recourse Kney has is
through George Davis and this is
considered very small in view of the
fact that Davis will likely go to prison.

From here the officers went to
Laurel where they had located the
machine belonging to Edwin L. Craig
738 East Drive, Woodruff Place,
Indianapolis. This is the other machine
that George Davis confessed to having
bought of Elmer Hite and Harry
Flodder. Some difficulty was expected
in getting this car and for this
reason George Davis was taken
along to help identify the machine.

Local officers are inclined to believe
that the recovery of these two
stolen machines will go hard on Hite
and Flodder. There was a possibility
that George Davis in his confession
might have implicated the two
local boys without cause, but now
that both machines have been located
it almost cinches his story, it is
said. The police have the cars and
Davis says they were stolen property.
The car found in possession
of Mr. Kney was identified by the
owner in addition to the fact that
Davis says it was one of the two
machines stolen by Hite and Flodder.

There seems to be no end to the
tangle. The officials stated this
morning that they were not pushing
George Davis but were allowing him
to do the talking and as a result he
apparently remembers a different
car each day. The officers are running
down one car at a time so as

GRAND JURY TO REPORT

Tomorrow Will Likely be Final Session
For This Term.

The grand jury will meet tomorrow
in what is expected to be the final
session of the May term of court.
The grand jury is expected to
make its report to Judge Sparks
and two more indictments would not
be surprising. The grand jury has
been in session only two other days
and it is understood to have confined
its investigations to alleged wrong
doing in the city of Rushville.

REPLEVIN SUIT HEARD BY COURT

Evidence in Piano Company Action
Against Nicholas Taken Under
Advisement by Judge Sparks

RECEIVER REFUSED RYSE

Judge Sparks this morning heard
the replevin suit of the Baldwin
Piano company against Samuel W.
Nicholas, proprietor of the Windsor
hotel. The evidence was taken under
advisement and in his finding
Judge Sparks will give a special
finding of fact and conclusions at
law.

The court ordered an extra assessment
of seventeen and one-half
per cent on the petitioners in the
Cavitt drain. The amount was not
sufficient to complete the ditch and
the added assessment was held necessary.

The court refused to appoint a receiver
in the suit of Walter S. Ryse
against John A. Widau, finding for
the defendant for costs. This action
does not affect the suit for a
settlement of which the receivership
case was a part. Marshall E. Newhouse
was given a judgment for \$674.65
against the Ideal Husker company.
The Husker company is at present
in the hands of a receiver.

The suit of the Smith Engineering
Works against Harry and Willard
Colter was dismissed and the costs
paid. The suit was on an account in
in which \$65 was demanded.

VOLUNTEERS HELP WRECK CHURCH

Congregation of 1st Baptist Church
Work at Night in Tearing
Down Building.

MINISTER LEADS ATTACK

The work of wrecking the old
First Baptist church to make way
for the new and modern structure is
progressing rapidly, and at the same
time is making good carpenters of a
large number of the congregation.
The members of the congregation, or
rather the male members, have volunteered
their services and it is not
an uncommon thing for these volunteer
workers to work up until ten
o'clock at night.

The work of wrecking the old
building is in charge of Elisha Williams,
who has the contract for
building the new church. He directs
the work of his volunteer carpenters
and finds that they are very willing
hands. The Rev. S. G. Huntington is
one of the most energetic workers.

GREAT INDIAN TO APPEAR HERE

Chief Caupolican, Orator, Singer
and Entertainer is Coming to
the Chautauqua

HE IS A NATIVE OF CHILI

His Story is Thrilling One, But
Climax Comes When he Breaks
Into Song

The Rush county chautauqua,
which will be held this year August
6 to 13 inclusive, has arranged for
a most unusual attraction in the
person of Chief Caupolican, a most
notable representative of the Indian
race. He is not only an orator
but is a singer, entertainer and man
of affairs. Chief Caupolican will
give his entertainment Monday evening,
August 7, preceded by a concert
by the Metropolitans.

Chief Caupolican is an accomplished
linguist, speaking fluently in
English, French and German, as well
as his native tongue. He is a native
of Chili, South America, and is a
member of the Araucano Indians, a
tribe which was never subjugated by
the Spaniards.

Caupolican's story of his own
people—of their loves and their
hatreds, their customs and peculiarities,
and their long struggle against
the aggressions of the Spaniards,
never fails to hold his audience in
breathless attention. Pride of
race is evident in every gesture, and
his stories of the old-time triumphs
of his people are told in the manner
of an old-time bard celebrating a
victory rather than that of an entertainer.
To hear Chief Caupolican tell of the
heroic deeds, the stories of which have
been handed down from generation to
generation among his people, is to catch
a convincing glimpse of the spirit which
actuated those bold tribesmen, who
fought the invader tooth and nail,
careless of life but tenacious of
tribal honor and brave to the end.

While the story of this great
Indian Chief is a thrilling one, yet the
real climax of the evening comes
when he breaks into song. He possesses
a splendid high baritone voice,
well trained in European musical
centers, and he sings the great
heart songs of his people as well as
the best-known selections of the
English, French and German composers,
with a feeling and expression
which makes them understood by all,
even though rendered in a foreign
tongue.

Altogether, Chief Caupolican gives
one of the most thrilling programs
upon the American platform. For
the past six years he has been a
star attraction upon the greatest
vaudeville circuits in this country
and he has delighted great audiences
in all of the larger cities. He belongs
essentially to the Chautauqua
and the Lyceum, however, and these
audiences everywhere are to be
congratulated upon the fact that
hereafter he is to bring his message
to them, that they are to know him
and he is to learn to know the great
American people as he never could
from a vaudeville stage.

SEES "INDIANA"

Members of the program committee
of the Rush county chautauqua
—E. B. Thomas, J. H. Scholl, John
A. Tittsworth and C. M. George—
went to Connersville this morning
where they witnessed a private
showing of "Indiana," the motion
picture depicting the history of the
state, which is being used in centennial
celebrations. It is practically
certain the picture will be brought
here for centennial day at the chautauqua.

Rumors Current That Still More Indiana
Guardsmen May Refuse
to Take the Oath

13 TAKEN IN THIS FORENOON

Real Opposition is Expected to Come
From the Indiana University
Band

(By United Press.)

Fort Benjamin Harrison, Indianapolis,
Ind., June 28.—With fourteen
members of the Indiana National
Guard facing court martial because
they refused to take the oath mustering
them into federal service,
mastering officers encountered more
trouble today. While no members of
the Fort Wayne, Bloomington, Winamac,
Spencer, Winchester, Terre Haute,
Crawfordsville, Seymour, Vincennes,
Valparaiso, Muncie, Mt. Vernon and
Lebanon, mustered in this forenoon,
refused to take the oath, rumors were
current that members of other companies
would refuse to take the oath which
virtually binds them to three years
service, with an added three years in
the federal reserve.

Real opposition is expected to come
when the attempt is made to muster
in the second regiment, or the Indiana
University band, composed of Indiana
students from all parts of the state.
Members of the band assert that when
they enlisted the federalization clause
was waived and that they are prepared
to face court martial if necessary.

The main business at camp Ralston
today was mustering in of the guardsmen.
Preparations were being made to get
the artillery battalion in readiness for
a call at any time though a call is not
expected for several days.

Chicago, June 28.—Orders were
issued by the central department of
the United States army today for the

and Missouri to entrain for the border
as soon as each unit is mustered
in and examined.

The first Illinois cavalry will go
to Brownsville, Texas, other Illinois
troops will go to San Antonio, Kansas
to Eagle Pass, Wisconsin to San Antonio,
and Missouri troops to Laredo.

Other troops in the Central department
which includes Indiana, were ordered
to depart for points yet to be named as
soon as "reasonably ready." Troops will
not be delayed in departure for lack of
equipment as this will be furnished at
the border.

FUNSTON DENIES CLASH

(By United Press.)
San Antonio, Texas, June 28.—
General Funston today denied the
reports of a clash between the Eleventh
cavalry and Carranza troops near
Abumada. He said if wounded
Mexicans had been taken to Dablan,
he would have received General
Pershing's report on it.

SENATE STAYS BY ITS GUN

(By United Press.)

Washington, June 28.—The senate
this afternoon ordered its conferees
on the militia draft resolution not to
recede from their position of refusing
pay to the dependant families of
national guardsmen, drafted into
Mexican service. The senate then
sent the whole controversy back to
conference.

LARRY KNECHT TOO YOUNG

Rushville men who were in Indianapolis
yesterday afternoon reported that
Dr. Hale Pearsey and Frank Owens of

in Battery B, the company composed of
present and former students of Purdue
university which Allan H. Blackledge and
Walter Gartin had already joined.

Orville Hood, who together with
Larry Knecht, went to Indianapolis
Monday night, returned home last
night, but Hood went back at midnight
with the intention of joining
Battery B, it was stated by his friends.
He had already enlisted. The Knecht
boy is not quite eighteen years of age,
it is said, and he and some of his
relatives returned to Indianapolis today
to inform the recruiting officers of his age.

TWO AMERICANS REPORTED KILLED

Mexicans Claim They Opened Fire
First After They Had Protested
Against Wire Cutting

CARRANZA ISSUES APPEAL

(By United Press.)

Mexico City, June 28.—Two Americans
were killed and another captured in
a fight at Nachozari Senora, eighty
miles south of the border, General Calles
reported to the war office last night.

Calles accused the Americans of
cutting wires and when the Mexicans
protested, the Americans opened fire,
killing two Mexicans he reported. The
Mexicans returned the fire. John Harkes,
A. P. Dixon, Morton Harden, and another
American was captured. Calles reported
after Harden admitted his companion
began the shooting.

Gen. Carranza has issued another
urgent appeal to all Latin-American
republics asking them to insist that
the United States consent to arbitration,
it was reported on good authority,
though no official announcement has
been made.

POLICE WARNING

Chief of Police Yakey today issued
a warning to bicycle riders to stay
off the sidewalks. Many riders have
been using the sidewalks to escape the
oil on the streets, but at the same time
have tracked the oil on to the walks,
causing numerous complaints. The
walks are badly marked by the oil and
arrests will surely follow if the practice
is continued.

MIDNIGHT SAID TO BE DEADLINE

Carranza Must Release American
Prisoners or United States
Will go After Them

HIS DEMAND NOT A QUESTION

Many Profess to Believe That Mexican
First Chief Will Yield
to the President

BULLETIN.

(By United Press.)

Mexico City, June 28. (10 a. m.)—
A conference regarding President Wilson's
demand for the release of American
soldiers imprisoned at Chihuahua City
is now in progress. It is believed a
decision will be reached in a few hours.

(By United Press.)

Washington, June 28.—General Carranza
must release the American prisoners held
at Chihuahua by midnight or President
Wilson will go after them.

Those close to the president today
declared there will be no delay in
light of the demand from Carranza
that Mexican prisoners held in this
country be released and the embargo
on food supplies to his country be
lifted. That, according to administration
officials, is another question.

The congress and, in fact, all
official Washington is awaiting
quietly and with a calm which
approaches a feeling of unconcern the
Carranza reply.

There is a feeling that the Mexican
first chief will yield. It is known
that he intended to release the prisoners
at first.

FIRING SQUAD IF RESCUE IS TRIED

This Will be Fate of 25 Americans
in Chihuahua City if U. S.
Troopers go After Them

TREVINO'S WORD, IS REPORT

(By United Press.)

El Paso, Texas, June 28.—Execution
by a firing squad will be the end of
the twenty-five American prisoners in
Chihuahua City, General Trevino is
reported to have stated, if the United
States armed forces attempt to
rescue the men.

"Mexico is prepared for war with
the United States," arrivals from
Chihuahua City today quoted the
Carranzista commander of the north
as saying.

"We are not courting war, but if
war comes, the sons of Mexico will
respond to the call to arms to protect
their native land with their lives,"
Trevino was quoted as saying.

BUSSARD IS FINED

Fred Busard, a printer, was fined
one dollar and costs in police court
this morning for public intoxication,
by Mayor Bebout. Busard was arrested
last night after he had refused a
chance offered by the police to get
in off the streets.

U. S. TROOPS WIPE OUT BANDIT GANG

Believed to Have Been Crowd That Killed John Parker and His Wife—Report Not Verified.

BODIES TAKEN TO COLUMBUS

Columbus, New Mexico, June 28.—Six Mexicans, believed to have been the band which murdered William Parker and wife, are reported to have been wiped out on this side of the border during the night. A report, received by a relative of Parker, was unverified and failed to state which of the several cavalry troopers killed the raiders.

About midnight, the bodies of two Americans were brought here by auto. Each had been shot three times after being cornered in a room in their ranch house.

WOMAN CORPORAL IS SOME FIGHTER

Glustchenko Tcherniawka of Russian Army, Though Wounded Twice, Pushes Enemy Back.

AVENGING DEATH OF FATHER

(By United Press.)

Petrograd, June 28.—"South of Mahala, one of our reconnaissance patrols severely punished the enemy, causing him great losses. The leader of the patrol was Corporal Glustchenko Tcherniawka, who, though twice wounded, brought the party safely back to our lines"—Official Communiqué.

Corporal Glustchenko Tcherniawka is a woman. She bears an inhuman hatred of the enemy. The Cossack patrol which she commands is noted for its fearlessness and daring—always led by her. She is known by the enemy to be a fine soldier, but wild and brutal and relentless and unpardoning. Her patrol is known as the "Engles," because these Cossacks swoop down, do their bloody work and disappear.

In this way the girl Cossack leader is avenging her father, Major Glustchenko, killed at the front several months ago. She arrived at the front in September and has since been recommended six times for decorations. Her soldiers worship her and the enemy has put a price on her head.

COMPANY IS "SHOT"

Terre Haute, Ind., June 27.—The hopes of the Terre Haute company of the Uniform Rank, Knights of Pythias, to win a prize at Nashville, Tenn., encampment in August went glimmering when President Wilson issued his call for the national guard.

Instead of drilling for the encampment five of the best members of the prize team are at Fort Benjamin Harrison today as "rookies" in Company B.

"MONNA WANNA"

A 101 Bison feature in three parts. This production was made by the Ambrosio Company of Italy, and is an adaption of the work of Maurice Maeterlinck. It presents a very engaging romance that took place during the siege of Pisa by the Florentines. Good photography and realistic battle scenes with the participants clothed in armor, make this a splendid picture.

Amusements

"Monna Vanna" is the title of the picture at the Gem tonight. The picture was filmed in Italy. It is a story of a very engaging romance that took place during the siege of Pisa by the Florentines. "The Disastrous Dardanelles Expedition" is the other picture. It shows the unsuccessful campaign conducted by the English in the East. These pictures were secured under the greatest difficulties and at much personal risk by Ashmead Bartlett, the famous war correspondent, who was able to penetrate into the peninsula with troops while other correspondents and movie men were barred. Tomorrow, matinee and night the ninth episode of "The Iron Claw" will be shown.

The Princess offers the feature picture "Destruction" for the program tonight. Theda Bara, the great emotional actress is featured. It is the story of how a tragic temptress brought suffering and ruin to thousands of sturdy laborers and their families. In the support of Theda Bara are James Furey, Carlton Macy, Gaston Bell, Esther Hoier and many others. The picture is said to be a real dramatic offering and is up to the standard of the other Bara pictures shown here.

TELLS EXACTLY HOW UNCLEAN THE FLY IS.

(By United Press.)

Washington, June 28.—The ordinary house fly carries about with him, recent government experiments show an amount of uncleanness equal to 2 to 3 per cent of his weight.

If the average man were so unclean as that he would have on his body about four pounds of filth.

A cow or horse as dirty as a fly would carry 20 to 25 pounds. The fly does not weigh much, but it can harbor millions of disease-giving germs. As a matter of fact, the dirt on a fly is about one-half bacteria—bacteria of many kinds, large and small, thick and thin, long and short.

If out of its abundance of bacteria the fly deposits a typhoid germ in a can of milk, there is every likelihood that in a short time there will be enough typhoid germs in that milk to make it a dangerous, frequently a fatal poison.

In the experiments in this subject conducted by the Department of Agriculture, a number of flies were caught and washed in sterile, distilled water. Uncleanness to the amount of from 2 to three per cent of the flies' weight settled at the bottom of the tubes, and of this about half was bacteria.

In addition there remained in solution in the water enough dirt to discolor it.

The fly can and does carry the germs of tuberculosis.

Flies which have been allowed access to animals suffering from this disease were caught and washed in sterile water.

Inoculation tests from them subsequently prove that they bore living, virulent tubercle bacilli.

Denying Effects of War.

Secretary of the Treasury McAdoo delivered himself of a regular old knock-down-and-drag-out political speech at Raleigh, N. C., recently. He was talking to the Raleigh Chamber of Commerce, a body of men who, he firmly believes, are utterly devoid of the power to reason. He said our present prosperity is not due to war, but to the economic strength of the country, whatever that means.

Well, Mr. Secretary, there is just one reply to that statement. Before the outbreak of the war business was shot to pieces and the most popular resort for the laboring man was the corner at which the soup can and the bread wagon made its appearance. The end of this fiscal year will find us with a favorable trade balance of over \$2,000,000,-

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

000. Beginning with April, 1914, when the Democratic tariff law was getting in its deadly work, the balance of trade turned against us. It had been diminished monthly, from the time of the passage of the Underwood law.

In April we bought of foreign competitors \$11,000,000 more of goods than we were able to sell abroad. The trade balance from that month to August, was against us. In August it was \$19,400,000 to the bad. The European war broke out in that month, and the first demand of the warring powers on the United States was for food-stuffs and horses and mules. During September we recorded a favorable trade balance of \$16,000,000. It rose to \$131,000,000 in December 1914, and \$187,000,000 in December 1915. Thirty-one articles properly characterized as munitions of war, made up 52 per cent of our total exports. The South American countries, no longer able to secure their supplies from Europe turned to us for relief.

Mr. McAdoo and all the rest of the Democrats, can argue their heads off trying to prove that our prosperity is not due to the European war, but "facts is facts." The Democratic prosperity slogan has a mortuary smell.

Coming to the Front.

No matter what our beliefs may be in the matter of woman's suffrage, candor compels the admission that the feminine cause is making strides toward the ultimate achievement of their goal.

A few years ago the mere idea of a woman voting met with ridicule upon every hand. It was considered a dream and a joke.

Today, however, every party has its strong and powerful defender of woman's right to the franchise, and neither party cares to risk going radically on record against it.

Politicians everywhere concede a little and diplomatically slide over the rest. Many hundreds of them dread to be placed upon record as irrevocably opposed to suffrage for women.

Those who believe in the cause by woman should take heart. It is moving along, and the pace is by no means slow.

The hungry fellow always gets the little end of an argument at a banquet. Try it yourself.

Rushing through life is all right, but thinking twice before you start will save you a world of jolts.

"One word always leads to another," whether it is in the bible or a family jar.

Statistics estimate that the cost of the second year of the European war, will be \$33,000,000,000,000. How we'd like to have that wad!

Both Hughes and Wilson had ministers for fathers, which ought to be some recommendation for the next president, anyway.

President Wilson is a newlywed, and Mr. Hughes' wife selects his necties for him, and between the two the suffragettes ought to take heart and back up.

That bad little Mexican boy needs a spanking—and he is likely to get it.

Though the public eye may be focused upon Mexico, the political campaign will furnish some choice sparks nevertheless.

Occasionally, however, the sun does shine in spots.

July, we hope, may bring a few hours of summer.

In 1852 English was elected to Congress where he became widely known as the author of the compromise slave bill known as "The English Bill." In 1880 he was nominated for vice-president on the ticket with General Hancock. English died February 27, 1896.

Current Comments

Time To Talk Politics COLUMBUS REPUBLICAN

Earlier in the week, when the news from the border seemed to indicate that actual war might come any moment, a dispatch from Washington said President Wilson had found time to talk politics with several leading Democrats. Plans for the campaign—to beat Hughes not the Mexicans—were gone over carefully.

Every Democratic editor thought that was all right. If President Wilson wanted to talk politics it was perfectly proper that he should do so. And it was right, as far as that is concerned. If he found time to advise with his managers that was his own business.

But when a Republican newspaper starts to criticize the President for political reasons and because it honestly does not agree with his opinions, the Democratic editors begin to howl treason and disloyalty. If it was right and proper for the President to talk politics during a crisis it surely is just as proper for Republican newspapers to discuss politics during the same crisis.

If war comes the Republican newspapers of this country will stand by the President because he is the President. They will not stand by him because he is Woodrow Wilson or because he is a Democrat. They will attempt to hold up his hands as the commander and chief of the army and navy but they will not seek to praise him just because he is the nominee of the St. Louis convention.

As long as the President has time to talk politics the Democratic editors should not find fault with the Republican newspapers for doing the same thing.

"THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.

"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.

My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work.

Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui today. At all druggists. NCB1

PAGEANT IS CAST IN TEN EPISODES

Each One at Connersville Centennial Deals With Different Era in Development.

CONSTANT REHEARSAL HELD

Great and Well Planned Spectacular Play Will Deal With Early Life of Fayette.

Many Rushville and Rush county people will attend the centennial celebration at Connersville next Monday, Tuesday and Wednesday. Not the least important of the events in connection with the observance will be the spectacular pageant, which is described as follows in the Connersville News:

The Historical Pageant of Connersville and Fayette County as written by Miss Harriet E. Williams is gradually taking the form of a great and well planned spectacular play.

The episodes are being practiced and brought to a state of perfection by groups of citizens in various neighborhoods in the city. The undertaking is one of vast proportions and if well handled will be highly

entertaining and instructive.

Miss Williams has endeavored to represent the first and earliest people of several prominent families. She has the earliest Indian traders, some of the earliest families of settlers, types of the earliest doctor, preacher, country school and teachers. The earliest lodge, the early modern city school, and influential men and their wives, the early politicians, the first editor (Matthew Hall), the first merchant and innkeeper, the first Aid Society which was turned into a committee for soldiers' relief in the Civil War.

The children will execute a series of old time games and dances, representing various old time characters.

The order of events in the pageant is as follows:

EPISODE I—1788.

Capture of John Conner by the Indians; escape of Jonas Williams and family in Pennsylvania.

EPISODE II.

John Conner's Post in 1813; a plot of the Post; arrival of Indian traders; coming of new emigrants.

EPISODE III.

Pioneer life in 1820; Claypool's Inn; a member of the new capital committee; the pioneer preacher arrives; the Masonic lodge; Indian captures and murder of Ben Davis; fiddlers' contest.

EPISODE IV.

Wedding scene of 1834; an Indianapolis-Connersville wedding; twin McCormick sisters married twin Hart brothers.

EPISODE V.

School of the forties.

EPISODE VI.

The Singing School.

EPISODE VII.

Apple peelings; husking bees; a Harrison-Tyler parade.

EPISODE VIII.

The Civil War period; band drill; boys' drill; girls' drill.

EPISODE IX.

A Centennial meeting in 1916.

EPISODE X.

A memorial party; pageant of old fashioned games; a Commercial Club banquet; song, "Indiana."

Much interest will be taken in the presentation of Mrs. Christian, the granddaughter of John Conner. The part Mrs. Christian will take will be at the close of Episode IX.

The public now is responding cordially to the request to take part in the pageant and much interest has developed that will tend to make the event a great success.

Our Advice is-Buy Shoes Now

The great war is causing a tremendous rise in leather and shoes, and is forcing prices SKY HIGH

The millions of soldiers in Europe are using up so many shoes that the shortage of leather is becoming a serious problem, and the burden must be borne by the citizen consumer. In America this condition is hitting us hard.

We strongly advise you not to delay your purchase, not only for yourself, but for the whole family. We do not know what the future prices will be, but whatever they are, neither the retailer nor the consumer can help himself.

PLAN CAMP

At the meeting of the Little Hustlers class of the St. Paul's M. E. church held in Chauncey Duncan's law office last evening, it was decided for the class to go on a camping party between July 24th and July 30th. The place of the camp is yet undecided. Another meeting will be held in the near future to complete plans for it. The two divisions of the class are taught by Chauncey Duncan and George Wiltsa.

DINNER PARTY

Mr. and Mrs. Glen Abernathy gave a dinner party Sunday at their lovely country home, north of the city. A beautiful bouquet of nasturtiums brightened the center of the table at which the elegant two course dinner was served. The guests included: Mr. and Mrs. A. J. Glaser and daughter, Mary Ruth, Mr. and Mrs. Jay Adams and daughter, Mary Deloris, Mrs. Mike Glaser and Arthur Glaser, all of Muncie, Mr. and Mrs. Berry Abernathy, Miss Dorothy Abernathy, Mr. and Mrs. David Johnson and son James, Mr. and Mrs. Park Scott and daughter, Elsie.

YARD SUPPER

Mrs. Roll Miller of North Harrison street entertained with a pitch-in supper last evening for the girls of her Sunday School class, the Willing Workers of the Main Street Christian church. The bountiful spread was eaten out on the lawn about six o'clock. Two of the guests were visitors, the Misses Ella Adams and Beta Gilson, and the following members of the class the Misses Mary Hughes, Marie Pope, Frances Gilson, Julia Canlyle, Beatrice Wilson, Dorothy Moore, Lillian Wilkinson and Louise Miller.

One hundred, and thirty Masons last evening, enjoyed the banquet at the Masonic Temple, which was a feature of the work given several candidates in the Master Mason degree. There were many visiting Masons from other points in the county and a few from outside the county.

RECITAL TONIGHT

The series of piano recitals being given by the pupils of Miss Jessie Kitchen and Miss Olive Buell have been musical treats. Tomorrow afternoon at 3 o'clock, the last in the series will be given when the pupils of Miss Buell will be assisted in the program by Miss Gladys Titworth, violinist.

This evening, the pupils of Miss Kitchen will furnish the program with piano solos, duets and trios. B. F. Miller will assist in giving the program by singing several solos. A varied program which will be profitable as well as very entertaining is to be given and the public is invited and urged to attend to appreciate the work of the students.

MISS WINKLES TO WED

It is of interest to the many friends of Miss Katie Winkles of Shelbyville, in this city, to know that her engagement to John Young of that city has been announced and the marriage is to take place Sunday. The bride-to-be is a sister of Mrs. Joseph Dickman of this city, and has visited here a number of times. Although the wedding is to be a very quiet one, Mr. and Mrs. Dickman and children will be among the guests. After a short wedding trip to Chicago, the young couple will make a short visit here with Mr. and Mrs. Dickman.

CLASS MEETING

A group of eighteen young people gathered last evening and went together to the home of Mr. and Mrs. Gilbert Palmer of Circleville to discuss the plans and work of the B. Y. C. D. class of the First Baptist church. The report of the finance committee was very encouraging, and the announcement was made that \$100 of the \$500, which has pledged for the new church building, is ready to be paid. This amount was made by an ice-cream social and various other undertakings. The business meeting was followed by a pleasant social session during which dainty refreshments were served.

VISIT CONNERSVILLE

Fifty-four members of the Mahoning Council of the local order of Pocahontas went to Connersville last evening on the special car where they were the guests of the Connersville chapter. While there, the local council conferred the degree on two candidates, afterwards giving a drill, for the local staff is well known for its excellent drill work. A social had been planned by the hostesses during which time a delicious luncheon was served. Rather indefinite plans were made for the Connersville order to visit the local order some time in the near future when the Maid Muller degree would be given by the local order.

FOR AID SOCIETY

A pretty party was given yesterday afternoon by the retiring board of the Ladies Aid society of the Main street Christian church for the members of the society at the church. Baskets of roses were suspended from the ceiling, an attractive bouquet of roses was on each table, and American flags were draped about in the rooms where the ladies spent the afternoon. A short business meeting was held and perhaps the most interesting part of the afternoon was when the Misses Stella and Josephine Franklin returned missionaries from India, and cousins of Mrs. Ed Billings, gave short talks, dwelling on interesting parts of their missionary work. Dainty refreshments were served by the hostesses at the conclusion of the afternoon. In the retiring board, the members of which were hostesses, was Ed Billings, Mrs. Jake Parrish and Mrs. Omer Green.

TRI KAPPA PICNIC

One of the weeks' most delightful episodes was the picnic supper and informal party given at the home of Miss Fannie Stiers east of the city for the members of the Tri Kappa sorority yesterday afternoon. One of the most pleasant features of the evening was the informal program given by several of the guests. Miss Ivonette Wright of Dayton, the house-guest of Miss Stiers, has a lovely voice and she sang several solos. Too, Miss Emily Vatter of Indianapolis, the guest of Miss Mary Williams charmed the guests by doing several of her aesthetic dances. She is a graceful little person and talented in her line. Miss Mary Anderson also played several piano numbers.

A short business session occupied the afternoon hours, preceding the serving of the bountiful pitch-in supper. It was served on the lawn near the Stiers home.

Rehearsals begin this evening for the production of the Midsummer Night's Dream, which is to be given by a number of local young people on Tuesday evening of the Chautauqua. About thirty will be in the cast which will be under the direction of Pro. Barreo of Indianapolis.

DANCE FRIDAY

Plans for the informal dance, to be given in the skating rink on Friday evening of this week, are nearing completion. The reputation for this delightful series of parties has already been set, so the usual crowd of out-of-town visitors, as well as local lovers of dancing, is expected to be present.

Porch swings are to be suspended about the room and rustic benches will be placed about for the comfort of the guests. Mitchell's orchestra will play for the dance.

SURPRISE SUPPER

Mrs. Ada Lafara was agreeably surprised last evening at her home in West Second street, when honoring her birthday, a number of her friends surprised her about six o'clock, bringing with them a bountiful supper. The guest of honor received several lovely birthday gifts. In the party which arranged the surprise were Mr. and Mrs. L. H. Wilson and son, Roland, Mrs. Charles Gruell and daughters, Alice, Charlotte, and Halvina, Mrs. Martha Hudson, and Merle and Mable Spacey.

AT THE BROWN HOME

With Mr. and Mrs. A. C. Brown as host and hostess, the members of the Pitch-In Club spent an amiable evening together last evening. The supper which they brought with them was an elegant one and added greatly to the delight of the affair. The members of the club are Mr. and Mrs. Raymond Hargrove, Mr. and Mrs. Bert Mullin, Mr. and Mrs. J. T. Arbuckle, Mr. and Mrs. Brown and Mr. and Mrs. Link Guffin. The next meeting of the club will be held in four weeks at the home of Mr. and Mrs. Arbuckle.

LOCAL TEAM WILL BE STRENGTHENED

New Short Stop Has Been Added and Hudelson Will be in Box— Indianapolis Team Here

FAST GAME IS EXPECTED

The National Forties, a fast Indianapolis team will be the attraction at Edgewater park Sunday. The Rushville team will be strengthened in the weak places and the fans are assured a good game. Hudelson will be in the box against the Indianapolis team and a college player named Nash will hold down the short stop job. Nash has been playing ball on a Kentucky college team and has offered his services to the management.

With the short stop position taken care of and with Hudelson in the box the team should present a different appearance from last Sunday. One or two other changes may be made as the management is determined to have a winner. The Indianapolis team comes here with a good reputation and is confident of beating Rushville. The game will be called at three o'clock.

Father Cronin of Richmond, formerly of this city, spoke at the annual graduation exercises of St. Mary's school in Richmond. He dwelt on the dangers of lop sided education. Unless the spiritual side and the heart of a child are educated at the same time that the mind is the student will not be properly developed, the speaker said.

It's worry, not work, which shortens life? A cold bath every morning is the best complexion remedy? Poor health is expensive? The U. S. Connersville Troubles Aired Before Public Service Commission—Want Increase.

VALUATION HAS BEEN MADE

(By United Press.)

Connersville, Ind., June 27.—Troubles of the Connersville Telephone company were aired before the Indiana Public Service Commission today. The hearing was on a complaint from Connersville citizens that the company has charged various and unequal rates for the same service; that its rates are too high and that its service is inadequate.

Some feeling has been aroused in the case. Connersville citizens were aroused when L. A. Frazee, a company official, circulated a petition asking that the hearing be held in Indianapolis rather than Connersville. Appraisers of the commission have made a thorough inspection of the Connersville plant.

The hearing started yesterday and continued throughout today.

WOULD FIGHT DEVIL WITH FIRE

Minister Addressing Ad. Men Says Most Competition Comes From Sunday Sports.

GAIN CROWDS WITH THEIR ADS

In Order to Get "Business," Church Must Be Competitor of Theaters and Movies.

Philadelphia, June 28.—The powerful competition of sports and amusements, drawing their huge Sunday crowds through newspaper advertising, is the obstacle of the church according to the Rev. Dr. Christian F. Reissner, pastor of the Grace M. E. Church, who addressed the church advertising conference at the twelfth annual convention of the Associated Advertising Clubs of the World, here today. He and the other preachers assembled for the conference believe in "fighting the devil with fire."

The New York pastor said it is up to the church to deliver the goods—and advertise them. Cut and dried sermons will not hold the crowd, he said. Dr. Reissner told how he used brass bands, preached special baseball sermons, secured idols of the diamond to talk, held special services for policemen, firemen, street sweepers, corporation employees and others.

In order to get "business," the modern church must be a competitor—and an active one—of the theaters and movies, said the pastor. He told of his successful campaign in Denver in building up a church through advertising. After going to New York he was advised not to advertise—that the method would be fruitless there—but preaching to empty pews galled him, and when he began to use newspapers and billboards, he found them as effective in New York City as they had been in Denver, he said. While other New York churches advertise now, he was really the first advertising parson in the metropolis and he said that as many as 225 people were received into membership in his church in one day. Those who opposed the idea of advertising in New York have become enthusiastic and are working with him.

"Hundreds of pastors run away from the 'screamer'—sensationalism," said the Rev. D. Reiser, "John the Baptist, Jesus, Luther, Wesley, and Booth were all thus tagged in their day. Jesus drew a crowd by reported miracles and then preached to the people."

"Once he borrowed a boy's biscuits and sardines to feed 5,000 so they could remain to an after-meeting. Can anyone imagine the Master preaching to empty seats when any kind of a method would draw an audience?"

"The preacher's greatness cannot fill a church. There must be an attractive service thrilled with religion and compellingly advertised."

"It is sinful to close up the theaters in city or town if the church gives nothing in place. The church cannot be satisfied to condemn other attractions. It must compete, for the church's business is Sunday recreation which other institutions falsely promise to accomplish."

"It is preposterous to declare that the so-called 'simple' or 'Bible-true' gospel, alone, will get the crowds. Tried preaching alone, and failed, though I did my best. Then unique advertising methods were adopted and the people filled the same church to hear me, the same preacher."

He said he had not lost a single efficient member of his church, because of his advertising, and in one campaign, 300 large posters were used on New York billboards at one time, in addition to the regular paid advertisements in the amusement columns of New York daily newspapers.

The church advertising conference is a new department of the annual convention of advertising men and is attracting much attention among the delegates attending other divisions of the meeting. It appears to be the consensus of opinion that church advertising is only in its infancy and that "advertising to beat

A UNIQUE IDEA

New Method of Merchandising Causes Comment.

One of the fairest, squarest plans ever brought to the attention of the readers of this paper is the selling methods now being employed by Abercrombie Bros., the local jewelers.

It is called a "Sensible Payment Plan" on watches, and is of the nature of a club plan.

The purchaser pays ten cents as a first payment on a man's 16 size, 17 Jewel Elgin Watch or a Ladies' Elgin Bracelet Watch and each week they add a dime to the initial payment until the thirteenth week when they commence subtracting ten cents each week until the last payment is ten cents, which signifies that their purchase is paid for.

The club is limited to 50 people and will continue for four weeks only.

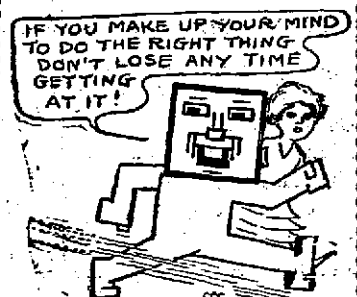

The reason advanced by Abercrombie Bros. for inaugurating this "Sensible Payment Plan" is that there are lots of folks who want to own a good watch but feel that they can't afford to pay for it all at one time.

There has been no increase in price, over the regular cash price charged for these goods, so the buyer is assured of full value for his money. (Advertisement.)

WATSON SPEAKS AT SEYMOUR CEREMONY

Delivers Main Address at Laying of Cornerstone at New Federal Building There

MAKES REFERENCE TO "PORK"

James E. Watson spoke at the ceremony of laying the cornerstone of the new federal building at Seymour Monday, which is referred to as follows in the Seymour Republican:

Mr. Watson spoke from an automobile. He was introduced by Judge John M. Lewis. In complimenting Seymour on the building which is being erected Mr. Watson said that he favored public buildings in cities such as this, where the size and volume of business justified them, but that he did not favor erecting them in towns of 300 and 400 population. He said that the congressmen were censured for "pork barrel" legislation when the people themselves were really to blame for it by insisting on getting their share for their own district. "This building will stand there a mute representative of the power and authority of our government," he said, "and over it will always float Old Glory, the emblem of freedom and equality. I do not believe we can have too many flags, nor that they can be too often displayed.

"And especially at this time, when the tocsin of war is being sounded in

the country to the south of us, it is fitting that we should come together and pledge anew our allegiance to our country's flag." While I do not agree with our President on any political question of which I can now think, yet if it becomes necessary to go to arms with Mexico, let's go in there and not stop until we have settled conditions for the betterment of Mexico, the Mexican people, our own government, our own people and the whole civilized world. We do not want war; war isn't a pink tea; war is not a Sunday School picnic; war is hell! So if we have to have it, let's have it over with as soon as possible."

Mr. Watson declared for preparedness, saying that in the last analysis all of us favor a standing army of sufficient size to defend the country. He declared that he thought an army of 250,000 men, well equipped, well trained, was sufficiently large for a nucleus around which to build a larger army in case it should

be needed. "I would like to see a uniform on every college lad in the country—yes and on every high school boy," he said "not to teach him war, but to train him in those acts which may become necessary in case our country should be attacked."

"And it is proper that this great Masonic fraternity should be here this afternoon to lay this cornerstone. For Fraternity and Nationality are one and the same thing. Fraternity represents the highest planes to which Nationality may attain."

DECLINES TO AID CUPID

Mayor of Cleveland Refuses to Perform Marriages.

(By United Press.) Cleveland, June 28.—There won't be any marriages at the city hall so long as Harry Davis is mayor. He just won't help Mr. Cupid, that's all. Davis explained he has religious scruples against a mayor marrying couples.

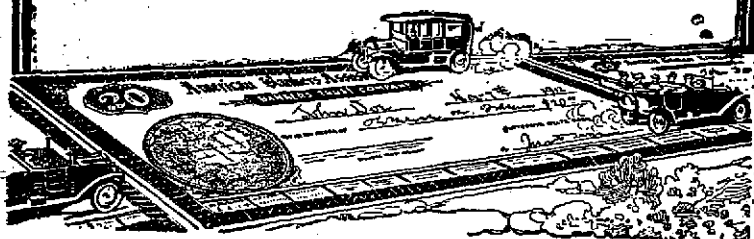

"A minister ought to perform all marriages; it's more satisfactory to everybody, especially the bride," said Davis. "There hasn't been or won't be any marriages at the city hall so long as I'm mayor. I want to have an untroubled conscience when I leave office."

In previous administrations marriages by the mayor were events in the dull routines of city hall life.

"A. B. A." Cheques level the way for the traveler

These Cheques are particularly convenient for the motor tourist. Since they are accepted like cash by hotels, auto supply dealers, merchants and railroad companies, in payment of bills and services, the owner does not have to wait until banking hours before using them. The only identification needed is the countersignature of the owner in the presence of the person accepting the Cheques.

not to get confused and to make the work easier.

Four men living near Muncie were here also this morning, all looking for stolen Fords. The men were permitted to question George Davis, but he denied taking their cars. The closest the gang ever worked to Muncie was New Lisbon and Henry county.

The officers will follow the present method until this fails to give results then they will turn to the number plates found in the Laurel garage of the Davis brothers. A wagon load of these number plates, dating as far back as 1914 were found at the garage and were taken to Connersville. A list of these numbers will be compiled and the owners found through the secretary of state. In this way the officials believe they will locate many other stolen machines.

CAPTAIN MOREY IS FOUND

(By United Press.) San Antonio, Texas, June 27.—Captain Lewis S. Morey, commander, of Troop K, Tenth cavalry who sent to General Pershing the first official account of the battle at Carrizal was found Monday with four negro troopers at San Luis ranch, according to a message from Pershing to Funston.

No mention was made regarding the condition of Morey. Major Jenkins, commanding the relief column of the Eleventh cavalry who found Morey and the four men reported that detachments of his forces are scouring the country but that no more stragglers have been encountered.

Of the eighty-four officers and men comprising Troops C and K, one officer and forty-three men have returned to the American lines. The prisoners held at Chihuahua City are said to number seventeen. This leaves twenty-three men to be accounted for. Practically all of these are believed to have been killed.
